

**TOWN OF FRANKLIN
BYLAW AMENDMENT 24-914
CHAPTER 82 FEES, MUNICIPAL SERVICE**

**A BYLAW TO AMEND THE CODE OF THE TOWN OF FRANKLIN
AT CHAPTER 82, FEES, MUNICIPAL SERVICE**

BE IT ENACTED BY THE FRANKLIN TOWN COUNCIL THAT Chapter 82 of the Code of the Town of Franklin is hereby amended by making additions and deletions as follows:

§82-4 Community Assistance Program.

Under the Community Assistance Program, qualifying residents are eligible to receive discounted rates for certain Town services. Participating Town departments shall establish application and eligibility verification processes using tax returns as verification of income, dependents or other information to verify eligibility. The program is available to residential households for the following Town services:

- A. Water, sewer and trash discount credits. Residential water, sewer and trash customers are eligible to receive a ~~20%~~ 50% credit, per quarter, on their water, sewer and trash bills. Where a bill has been issued prior to an eligibility determination, no abatement will be made unless the amount to be abated amounts to \$10 or more. Discounts are not eligible on penalties for late payment.
- B. Beaver Street Recycling Center annual sticker waiver. Residents may receive a waiver of the annual sticker for the Beaver Street Recycling Center. Waivers are not granted for individual items being recycled within the Recycling Center.
- C. Recreation Department program discount. Residents of Franklin are eligible for up to a 100% discount on registration or program fees for qualifying residents who meet certain income eligibility guidelines.
- D. Ambulance billing hardship. Residents of Franklin who meet eligibility guidelines as promulgated by the Fire Chief to demonstrate economic hardship may receive a discount or waiver on an ambulance service fee.

§82-5 Service fee definitions.

SEWER INFLOW/INFILTRATION REMOVAL FEE

Fee charged to allow continuation of new sewer connections or increases in existing connections to the sewer system. Funds raised through this fee shall be dedicated to the sewer fund, to be used to assist in the removal of inflow and infiltration from the sewer system. Said fee shall be in addition to any applicable sewer entry, connection or main tap fees. Existing single-family residential structures or existing sewer system users, for which building permits

were issued prior to October 24, 2001, shall be exempt from this sewer inflow/infiltration removal fee. Fees for users proposing to increase their flow, whether through increased discharge from the existing use or a change in use shall be calculated on the basis of the increased discharge amount, provided the existing use had not been inactive for more than two years prior to the date of the sewer permit application. Said fee shall be based on average daily flow capacity used, as calculated in accordance with Title V of the State Sanitary Code guidelines.

SEWER MAIN ~~TAP~~ EXTENSION INSPECTION FEE

Fee charged to extend the sewer main from the Town sewer distribution system. The fee is designed to recover the Town's cost of labor to inspect sewer line installations, engineering review and the application process. The fee shall not cover materials or labor to tap the sewer main, which shall be the cost and responsibility of the owner to arrange with a private contractor; the Town will not provide such services. This fee is in addition to the required sewer service connection fee for individual services. Such a fee shall be payable prior to the time of issuance of a building permit or application for services, if a building permit is not required.

SEWER SERVICE RENEWAL/REPAIR FEE

Fee charged to upgrade, repair, or replace an existing sewer service. The fee is designed to recover the expenses for the Town to process the application, perform the engineering reviews, and inspect the sewer service installation. This fee is in addition to the cost of materials or labor to install sewer lines and tap the sewer main, which shall be the cost and responsibility of the owner to arrange with a private contractor; the Town will not provide such services. The fee shall be payable at the time of issuance of ~~renewal~~ the permit.

SEWER SYSTEM ENTRY FEE

Fee charged to recover the Town's share of the costs of building replacement capacity at the sewage treatment plant, as well as the lines and pump stations leading to the plant which are necessitated by the new user's connection to the system. The fee shall be placed in the Town's sewer enterprise fund for construction, operating and equipment costs to improve, maintain and develop the municipal wastewater system capacity. Such fee shall be payable for each new service at time of issuance of a building permit. Any person who is legally responsible for paying a betterment assessment for the extension of sewer to their property shall be credited the amount of the paid or to be paid assessment towards the sewer system entry fee, up to but not exceeding the full amount of this fee. All service connections serving more than 1 dwelling unit will be charged a fee per unit in addition to the base fee.

SPRINKLER/HYDRANT-FEE ANNUAL PRIVATE FIRE SERVICE LINE/SPRINKLER CONNECTION AND PRIVATE HYDRANT FEE

Annual Fee charged for availability of water capacity to sprinkler systems, standpipes and private fire hydrants within commercial or industrial properties.

HYDRANT METER AND BACKFLOW ASSEMBLY RENTAL FEE

Fee charged to install a hydrant meter and backflow device for use by any persons who have received the approval of the Franklin Department of Public Works. A deposit will be required for the use of the hydrant meter and backflow device assembly and said deposit will be refunded

upon return of the assembly in working condition. The user will also be charged for the water used billed at the Town's current water usage rates.

STORMWATER UTILITY FEE

Shall have the definition provided in the Code of the Town of Franklin Chapter 153, Stormwater Management, Article V, Stormwater Utility, § 153-31, Definitions.

[Added 4-6-2022 by Bylaw Amendment 22-877]

WATER MAIN ~~TAP~~ EXTENSION INSPECTION FEE

Fee charged to extend the water main from the Town water distribution system. The fee is designed to recover the Town's cost of labor to inspect waterline installations, engineering review and the application process. The fee shall not cover materials or labor to tap the main, which shall be the cost and responsibility of the owner to arrange with a private contractor; the Town will not provide such services. This fee is in addition to the required water service connection fee for individual services. Such a fee shall be payable prior to the time of issuance of a building permit or application for services, if a permit is not required.

WATER RECONNECTION FEE

Fee charged to reconnect after service has been disconnected for nonpayment of bill within 60 days of issue.

WATER TANKER FILL UP FEE

Fee charged to fill up a water tanker truck for the use of pool filling, landscaping, hydroseeding, or construction dust control. A one-time annual nonrefundable fee will be charged per customer to set up the account, bill the customer, and install the hydrant meter and backflow assembly at a Hydrant located in the area of 25 Public Works Way. All water used will be billed per thousand gallons with a minimum charge.

WATER SERVICE RENEWAL/~~REPAIR~~ FEE

Fee charged to upgrade, repair, or replace an existing water service. The fee is designed to recover the expenses for the Town to process the application, perform the engineering reviews, and inspect the waterline and water meter installation. This fee is in addition to the cost of materials or labor to install waterlines and tap the water main, which shall be the cost and responsibility of the owner to arrange with a private contractor; the Town will not provide such services. The fee shall be payable at the time of issuance of ~~renewal~~the permit.

WATER SYSTEM ENTRY FEE

Fee charged for capital improvements necessitated by connecting a new user to the water system. The fee shall be deposited in the Town's water enterprise fund for construction, operating and equipment costs to make improvements to the municipal water supply system including water mains. Such fee shall be payable for each new service at time of issuance of a building permit. All service connections serving more than 1 dwelling unit will be charged a fee per unit in addition to the base fee.

§82-6 Schedule of service fees.
